

# NP - 43

## Nipping Press

### SALIENT FEATURES

- Suitable for nipping of folded signatures and tread sewn book blocks
- Double pressing station for double production
- Preliminary book clamping jaws before hydraulic nipping
- Hydraulic pressure of 4.5 tons
- Steplessly adjustable pressing duration
- Right angled sharp edged book blocks produced in a single working process

### TECHNICAL DATA

Model	NP-30	NP-43
Book length max	300mm	430mm
Book length min	50mm	50mm
Book thickness max	100mm	100mm
Production speed max	1500 blocks/hr	1500 blocks/hr
Hydraulic pressure	3000kgs	4000kgs
Power	1.5Kw/440v/3Ø	2.2Kw/440v/3Ø
Weigh	300kgs	400kgs
Size	700x470x950mm	700x600x950mm
